MANAGEMENT DISCUSSION & ANALYSIS REPORT

GLOBAL ECONOMY AND MARKETS:

The Economic scenario namely, growth, individual sustenance, fiscal deficits, and central bank balance sheet expansion are now markedly different when we compare Europe, USA to the large ASEAN nations. The irony is that energy shortages, inflation and banking crises in the Western hemisphere are strangely similar to situations ASEAN countries faced in the late 1990s, except that given the luxury and comfort of being global currencies, the West is not reeling under a currency depreciation crisis.

The global economy was recovering from the impact of successive waves of the COVID-19 pandemic by early 2022, aided by large policy stimulus and expanding coverage of vaccination, when the war in Ukraine jolted the upturn. The gains achieved through concerted fiscal and monetary policy interventions during the pandemic period (2020 and 2021) were undermined by the impact of the war. A generalised surge in global inflation triggered monetary policy actions by central banks in the form of successive interest rate increases and the pulling back of liquidity, leading to tightening of financial conditions and together with other factors, a toll on growth which slowed from 6.2 per cent in 2021 to 3.4 per cent in 2022, according to the International Monetary Fund (IMF). Global inflation surged to 8.7 per cent from 4.7 per cent in 2021, overshooting targets in the majority of countries through the year. Global trade (goods and services) growth slowed from 10.4 per cent in 2021 to 5.1 per cent in 2022, reflecting the post-pandemic slowdown in global demand and the restrictions on cross-border movements of goods and services imposed by the war in Ukraine.

The US Fed is facing an acute conundrum. During the Covid-19 pandemic, the government doled out free monies resulting in a consumption frenzy. Despite tariffs and logistics issues in 2021, the average consumer in US remained on a buying spree. Finally, the Ukraine war and the resultant shortages brought about a sudden rise in inflation. The US Fed began to battle inflation, albeit with a delayed lag, resulting in a sharp increase in US Fund Rates. This sudden increase in rates did not allow investors to rebalance their portfolios and thus are left with Mark-to-Market (MTM) losses on their safest asset – government securities. Consequently, the US Fed is now dealing with an unforeseen banking crisis. As per the last publicly known estimates, the US banking system is now burdened with a MTM loss of around USD 620 bn.

Empirical evidence has shown that in periods of high rates, asset bubbles burst. Two asset classes have taken a hit – cryptocurrency and venture capital. The market capitalization of cryptocurrency, an asset whose classification as an asset class itself has always been a suspect, has plummeted from its peak of USD 3 tn to nearly USD 800 bn, in just over a span of one year.

For the second asset class – venture capital and more appropriately, its valuation, the picture is further opaque. With the failure of the Silicon Valley Bank, it seems a long winter has set-in

in the start-up world. In times to come, with lack of incremental capital funding, we may witness large layoffs and closure of many start-ups not only in the US, but world over.

These events over the past year have impacted investor sentiments negatively. Investors are now more than ever, investing with caution. Post the aftermath of FTX, the famous crypto-exchange, investors are allocating funds towards investments which are well understood and regulated.

Further, the turbulence in global financial markets has ensued uncertainty in gold prices and has once again made it a safe heaven.

INDIAN ECONOMY AND MARKETS

Amidst strong global headwinds, the Indian economy is expected to have recorded a growth of 7.0 per cent in real GDP in 2022-23. Like many other economies, India also experienced a surge in inflation during 2022-23, primarily reflecting the impact of overlapping global supply shocks and pass-through of higher input costs. As a result, inflation reached a peak of 7.8 per cent in April 2022. Overall, headline inflation increased to 6.7 per cent in 2022-23 from 5.5 per cent in 2021-22. The Central Bank had to intervene through increase in interest rates to control the inflation. The world had also to deal with disruptions in food and energy supplies of a magnitude which was not experienced in recent memory. The impact on India remained marginal, mainly on account of the astute policies, faster recovery from effects of pandemic and efficient food grain distribution by the government. Consequently, in India, large & small companies and the services sector has not been substantially negatively impacted. Even so, the year FY 2022-23 recorded a lower earnings growth for the Nifty 50 companies than what was estimated by analysts at the beginning of the financial year. The Nifty 50 recorded an approximate fall of 2.5%, but showed impressive resilience given the global circumstances & food grain distribution, as is visible in the following chart.

The world remains behest with nations expressing differences which could escalate further. The year will be a test for the western world to manage political tensions and economic disruptions. Another geo-political crisis could be disastrous for the world at large.

As for India, we remain optimistic that Indian equity indices may record double-digit returns in FY 2023-24. Your Company's portfolio continues to be balanced between listed equities and others. The Company's overall performance can be treated satisfactory in view of turbulence in the stock market during the first half of the year gone by.

NBFC INDUSTRY & BUSINESS UPDATE

India's financial sector is a highly diversified one comprising commercial banks, insurance companies, non-banking financial companies, co-operatives, pension funds, mutual funds and other smaller financial entities. The sector is predominantly driven by banking and non-banking financial companies ('NBFCs'). Over the past few years NBFCs have emerged as important financial intermediaries, particularly for the small-scale and retail sectors in underserved and unbanked areas.. The sector has turned out to be growth engine in an environment where significant importance is assigned to financial inclusion and have aided the economy in employment generation and wealth creation by making credit available to the rural segment.

COMPANY'S POSITION

The Company NBI is registered with the RBI as a Non-Banking Financial Institution and is categorized as Non-Deposit taking NBFC" (NBFC-ND). The operations of the company continue to be centered around investments in shares and securities. The main income of the Company is dividend income on long-term investments and profit from sale of investments. The results of the Company's operations for the financial year ended 31st March, 2023 have been dealt with in the Director's Report.

The Company, being into finance and investment activity, the impact of movement of stock markets affects its profitability. The Company has long-term orientation in its investments and mainly invests in listed equities. The objective of investments portfolio is to balance risk with adequate return.

OUTLOOK

A significant portion of the Company's income arises from investment and share trading operation, which are largely dependent on the condition of the stock market. The stock market activity depends largely upon the economic growth momentum and a combination of other factors like inflation, domestic savings, surging portfolio investments into India etc. The unusual developments in the global economy may pose uncertainties and challenges for the emerging market economies like India. However, the Company has investment policy wherein it invests in those securities which have easy liquidity, better yield and potential for price appreciation in medium to long run.

INTERNAL CONTROL SYSTEM AND THEIR ADEQUACY

The Company has implemented a system of internal controls and risk management for achieving operational efficiency, optimal utilization of resources, credible financial reporting and compliance with local laws.

The system is aimed at covering all areas of operations. All transactions entered into by the Company are duly authorized and recorded correctly. The internal financial controls within the Company are commensurate with the size, scale and complexity of its operations. It has implemented suitable controls to ensure that financial transactions are reported with accuracy and that there is strict compliance with applicable laws and regulations. These controls are regularly reviewed internally for effectiveness. The Company has robust policies and procedures which, inter alia, ensure integrity in conducting its business, safeguarding of its assets, timely preparation of reliable financial information, accuracy and completeness in maintaining accounting records and the prevention and detection of frauds and errors.

KEY FINANCIAL RATIOS

In accordance with SEBI (Listing Obligations and Disclosure Requirements) Regulations, the details of significant changes (i.e. change of 25% or more as compared to the immediately previous financial year) in key financial ratios are as follows:-

INDEPENDENT AUDITOR'S REPORT

To,
The Members of
N. B. I. Industrial Finance Company Limited

Report on the Audit of the Financial Statements

Opinion

We have audited the accompanying financial statements of **N. B. I. Industrial Finance Company Limited** ("the Company"), which comprises the Balance Sheet as at 31st March 2023, the Statement of Profit and Loss (including other comprehensive income), Statement of Changes in Equity and the Statement of Cash Flows for the year then ended and notes to the financial statements, including a summary of the significant accounting policies and other explanatory information (hereinafter referred to as "Financial Statements").

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid financial statements give the information required by the Companies Act, 2013 ("the Act") in the manner so required and give a true and fair view in conformity with Indian Accounting Standard (Ind AS) prescribed under section 133 of the Act read with the Companies (Indian Accounting Standards) Rules 2015, as amended, and other accounting principles generally accepted in India, of the state of affairs of the Company as at 31st March 2023, the profit and other comprehensive income, statement of changes in equity and its cash flows for the year ended on that date.

Basis for Opinion

We conducted our audit of the financial statements in accordance with the Standards on Auditing ("SAs") specified under Section 143 (10) of the Act. Our responsibilities under those SAs are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India ("the ICAI") together with the ethical requirements that are relevant to our audit of the financial statements under the provisions of the Act and the Rules thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion

Key audit matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the financial statements of the current period. These matters were

addressed in the context of our audit of the financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters. We have determined the matters described below to be the key audit matters to be communicated in our report.

Sr. No.	The Key audit matter	Auditor's Response
1.	<p>Valuation and Existence of Investments –</p> <p>We have focused on the valuation and existence of the investments in Equity, Preference Shares and Mutual Funds because these represent a principal element on the net assets in the Financial Statements.</p> <p>Refer Note 6 to the Financial Statements.</p>	<p>We obtained independent confirmation of the number of units held and net asset value per unit for each of the mutual fund units and market value for shares as at the year-end date, confirmation of shares and its market value.</p> <p>We have also obtained the most recent set of audited financial statements for unquoted investments.</p>

Information Other than the Financial Statements and Auditor's Report Thereon

The Company's management and Board of Directors are responsible for the preparation of the other information. The other information obtained at the date of this auditor's report is the Director's report but does not include financial statements and our auditor's report thereon.

Our opinion on the financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the audit, or otherwise appears to be materially misstated.

If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Management responsibility for the financial statements

The Company's Management and Board of Directors are responsible for the matter stated in Section 134(5) of the Act with respect to preparation of these financial statements that give a true and fair view of the state of affairs, profit and other comprehensive income, changes in equity and cash flows of the Company in accordance with IndAS prescribed under section 133 of the Act and other accounting principles generally accepted in India. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of

the Act for safeguarding of the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management and the Board of Directors are responsible for assessing the ability of the Company to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

Board of Directors are also responsible for overseeing the Company's financial reporting process.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control;
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Companies Act, 2013, we are also responsible for expressing our opinion on whether the company has adequate internal financial controls system with reference to the financial statements in place and the operating effectiveness of such controls.

- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures in the financial statements made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

Materiality is the magnitude of misstatements in the financial statements that, individually or in aggregate, makes it probable that the economic decisions of a reasonably knowledgeable user of the financial statements may be influenced. We consider quantitative materiality and qualitative factors in (i) planning the scope of our audit work and in evaluating the results of our work; and (ii) to evaluate the effect of any identified misstatements in the financial statements

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Report on Other Legal and Regulatory Requirements

1. As required by the Companies (Auditor's Report) Order, 2020 ('the Order') issued by

the Central Government of India in terms of section 143 (11) of the Act, we give in the "Annexure A", a statement on the matters specified in paragraphs 3 and 4 of the Order.

2. As required by Section 143(3) of the Act, we report that:

a. We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of my audit.

b. In our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books.

c. The Balance Sheet, the Statement of Profit and Loss including Other Comprehensive Income, the Statement of Change in Equity and the Cash Flow Statement dealt with by this Report are in agreement with the books of account;

d. In our opinion, the aforesaid financial statements comply with the Indian Accounting Standards specified under Section 133 of the Act read with Rules made thereunder.

e. On the basis of the written representations received from the directors as on 31st March 2023 taken on record by the Board of Directors, none of the directors is disqualified as on 31st March 2023 from being appointed as a director in terms of Section 164(2) of the Act.

f. With respect to the adequacy of the internal financial controls over financial reporting of the Company and the operating effectiveness of such controls, refer to our separate report given in 'Annexure B'. Our report expresses an unmodified opinion on the adequacy and operating effectiveness of the Company's internal financial controls over financial reporting;

g. With respect to the other matters to be included in the Auditor's Report in accordance with the requirements of section 197(16) of the Act. Annexure-'A' to the Independent Auditor's Report for the year ended 31st March 2023

[Referred to in para 1 of the heading 'Report on other legal and regulatory requirements' of our report]

(i) (a) (A) The Company is maintaining proper records showing full particulars, including quantitative details and situation of property, plant & Equipment.

(B) The company has no intangible assets, hence para 3(i)(a)(B)a of the Order is not applicable to the Company.

(b) According to the information and explanation given to us and on the basis of our examination of the records of the company, the Company has a regular programme of physical verification of its Property, Plant and Equipment by which all Property, Plant and Equipment are verified every year. In accordance with this programme, all the Property, Plant and Equipment have been physically verified by the management during the year and no material discrepancies have been noticed on such verification. In our opinion, this periodicity of physical verification is reasonable having regard to the size of the Company and the nature of its assets.

(c) The Company does not have any immovable properties. Accordingly, para 3(i)(c) of the Order is not applicable to the Company.

(d) According to the information and explanations given to us and on the basis of our examination of the records of the Company, the Company has not revalued its Property, plant and equipment (including Right-of-use assets) or Intangible assets or both during the year.

(e) In our opinion and according to the information and explanations given to us, there are no proceedings initiated or are pending against the Company for holding any benami property under the Benami Transactions (Prohibition) Act, 1988 and rules made thereunder.

(ii) (a) The Company has no inventory hence para 3(ii)(a) of the Order is not applicable to the Company.

(b) According to the information and explanations given to us, the Company has not been sanctioned working capital limits in excess of five crore rupees at any point of time of the year in aggregate, from banks or financial institutions on the basis of security of current assets. Accordingly, the requirement to report on para 3(ii)(b) of the Order is not applicable to the Company.

(iii) According to the information and explanations given to us and based on the audit procedures performed by us, we are of the opinion that since the company is in the business of making investments including granting loans in the normal course of its business and further, as it has not provided any guarantee or security to companies, firms, limited liability partnerships or any other parties, the provisions of paragraph 3(iii)(a) to (f) of the Order are not applicable.

(iv) According to the information and explanations given to us and based on the audit procedures performed by us, the Company being a Non-banking Finance company, provisions of section 185 and 186 of the Act is not applicable. Thus paragraph 3(iv) of the Order is not applicable.

(v) According to the information and explanations given to us and based on the audit procedures performed by us, the Company has not accepted any deposits from the public during the year to which the directives issued by the Reserve Bank of India and the provisions of Sections 73 to 76 or any other relevant provisions of the Act and the rules framed thereunder apply. Thus paragraph 3(v) of the Order is not applicable to the Company.

(vi) According to the information and explanations given to us the Central Government has not prescribed the maintenance of cost records under sub section (1) of section 148 of the Act for any of the services rendered by the Company. Thus paragraph 3(vi) of the Order is not applicable.

(vii) (a) According to the information and explanations given to us and on the basis of our examination of records of the Company, in respect of amounts deducted / accrued in the books of account, the Company is generally regular in depositing undisputed statutory dues including Goods and Services Tax, provident fund, employees' state insurance, income-tax, sales-tax, service tax, duty of customs, duty of excise, value added tax, cess and any other statutory dues, as applicable to the Company. There are no undisputed statutory dues payable in respect of above statutes outstanding as at 31st March 2023 for a period of more than six months from the date they became payable.

(b) According to information and explanations given to us and on the basis of our examination of the records of the Company, there are no dues of income tax, Goods & service tax, cess etc. which have not been deposited as at 31 March, 2023 on account of any dispute except :

Name of the Statute	Nature of Dues	Amount (Rs. In Lacs)	Periods to which amount relates	Forum where the dispute is pending
Income Tax Act, 1961	Income Tax including Penalty	21.98	A.Y 2018-2019 (FY 2017-2018)	CIT (A)

(viii) According to information and explanation given to us and on the basis of our examination of the records of the Company, the Company has not surrendered or disclosed any transaction, previously unrecorded in the books of account, in the tax assessments under the Income Tax Act, 1961 as income during the year. Accordingly, the requirement to report on para 3(viii) of the Order is not applicable to the Company.

(ix) (a) According to the information and explanations given to us and based on the audit procedures performed by us, the Company does not have any loan or other borrowing, hence there is no requirement to report under clause (ix)(a) of the Order.

(b) According to the information and explanations given to us and based on the audit procedures performed by us, the Company has not been declared will full defaulter by any bank or financial institution or other lender.

(c) The company has not raised any funds by way of term loan, hence para 3(ix)(c) of the Order is not applicable to the Company.

(d) As no funds have been raised during the year, hence no reporting is required under para 3(ix)(d) of the Order.

(e) According to the information and explanations given to us and on an overall examination of the financial statements of the Company, we report that the Company does not have any subsidiary, associate or joint venture. Accordingly, the requirement to report on paragraph 3(ix)(e) and (f) of the Order are not applicable to the Company.

(x) (a) According to the information and explanation given to us and based on the audit procedures performed by us, the Company has not raised any money during the year by way of further public offer (including debt instruments). Hence reporting under clause (x)(a) of the Order is not applicable to the Company.

(b) According to the information and explanations given to us and on the basis of our examination of the records of the Company, the Company has not made any preferential allotment or private placement of shares or convertible debentures during the year. Hence reporting under paragraph 3(x)(b) of the Order is not applicable to the Company.

(xi) (a) Based on the examination of the books and records of the Company and according to the information and explanation given to us, considering the principles of materiality outlined in the Standards on Auditing, we report that no fraud by the Company or on the Company has been noticed or reported during the course of audit.

(b) According to the information and explanations given to us, no report under sub-section (12) of section 143 of the Companies Act, 2013 has been filed in Form ADT-4 as prescribed under Rule 13 of Companies (Audit and Auditors) Rules, 2014 with the Central Government, during the year and up to the date of this report

(c) According to the information and explanation given to us, there were no whistle blower complaints received by the Company during the year while determining the nature, timing and extent of our audit procedures.

(xii) According to the information and explanations given to us, the Company is not a Nidhi Company. Accordingly, clause (xii) of the Order is not applicable.

(xiii) According to the information and explanation given to us and based on the audit procedures performed by us, transactions with the related parties are in compliance with section 177 and 188 of the Act where applicable and the details have been disclosed in the financial statements, as required by the applicable accounting standards.

(xiv) In our opinion the Company has an adequate internal audit system commensurate with the size and the nature of its business and report of the Internal Auditors have been considered by us.

(xv) In our opinion and according to the information and explanation given to us, the Company has not entered into any non-cash transactions with its directors or persons connected to its directors and hence, the provisions of Section 192 of the Companies Act, 2013 are not applicable to the Company.

(xvi) (a) The Company has obtained registration under Section 45-IA of the Reserve Bank of India Act, 1934.

(b) According to the information and explanation given to us and based on the audit procedures performed by us, the Company has not conducted any Non-Banking Financial or Housing Finance activities without a valid Certificate of Registration (COR) from the Reserve Bank of India as per the Reserve Bank of India Act, 1934. Hence reporting under paragraph 3(xvi)(b) of the Order is not applicable.

(c) The Company is not a Core Investment Company (CIC) as defined in the regulations made by the Reserve Bank of India. Hence reporting under paragraph 3(xvi)(c) of the Order is not applicable.

(d) According to the information and explanation given to us, none of the group companies are CIC and hence reporting under paragraph 3(xvi)(d) of the Order is not applicable.

(xvii) The Company has not incurred any cash losses in the financial year and in the immediately preceding financial year.

(xviii) There has been no resignation of the statutory auditors during the year and hence reporting under clause (xviii) of the order is not applicable.

(xix) According to the information and explanation given to us and on the basis of the financial ratios, ageing and expected dates of realisation of financial assets and payment of financial liabilities, other information accompanying the financial statements, our knowledge of the Board of Directors and management plans and based on our examination of the evidence supporting the assumptions, nothing has come to our attention, which causes us to believe that any material uncertainty exists as on the date of the audit report that the company is not capable of meeting its liabilities existing at the date of balance sheet as and when they fall due within a period of one year from the balance sheet date. We further state that this is not an assurance as to the future viability of the Company. We further state that our reporting is based on the facts up to the date of the audit report and we neither give any guarantee nor any assurance that all liabilities falling due within a period of one year from the balance sheet date, will get discharged by the Company as and when they fall due.

(xx) In our opinion and according to the information and explanation given to us, with respect to obligations under Corporate social responsibility (CSR), the company is not required to spend towards CSR based on criteria as specified under section 134(5) of the act during the year and there are no such ongoing projects and unspent amount related to it, hence no reporting is required to be reported under the clause (xx)(a) and (xx)(b) of the order.

(xxi) The preparation of consolidated financial statements is not applicable to the Company. Hence reporting under paragraph (xxi) of the Order is not applicable to the Company.

Annexure B to the Independent Auditor's Report

Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act")

[Referred to in para 2(f) of the heading 'Report on other legal and regulatory requirements' of our report]

Opinion

We have audited the internal financial controls over financial reporting of **N. B. I. Industrial Finance Company Limited** ('the Company') as of 31st March 2023 in conjunction with our audit of the financial statements of the Company for the year then ended.

In our opinion, the Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at 31st March 2023, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India (the "Guidance Note").

Management's and Board of Directors' Responsibility for Internal Financial Controls

The Company's management and Board of Directors are responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note. These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Act.

Auditors' Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the 'Guidance Note') and the Standards on Auditing, issued by ICAI and deemed to be prescribed under section 143(10) of the Act, to the extent applicable to an audit of internal financial controls. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating

effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system over financial reporting.

Meaning of Internal Financial Controls Over Financial Reporting

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorizations of management and directors of the Company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the Company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls Over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

The Company's registered office is 21, Strand Road Kolkata – 700 001.

The financial statements of the Company as on 31st March, 2023 were approved and authorised for issue by the Board of Directors on 24th May, 2023.

2. Basis of Preparation of Financial Statements

2.1 Statement of compliance with Ind AS

These financial statements have been prepared in accordance with Indian Accounting Standards (referred to as "Ind AS") prescribed under section 133 read with the Companies (Indian Accounting Standards) Rules, 2015, as amended from time to time.

2.2 Basis of Preparation of Financial Statements

"The financial statements have been prepared on accrual basis under the historical cost convention, except for certain financial instruments measured at fair value at the end of each reporting period as explained in the accounting policies below.

The financial statements are presented in Indian Rupees (INR), and all values are rounded to the nearest lacs, unless otherwise indicated."

2.3 Use of Estimates

The preparation of financial statements in conformity with the recognition and measurement principles of IND AS requires management of the Company to make judgments, estimates and assumptions that affect the reported amounts of assets and liabilities, disclosures including disclosures of contingent assets and contingent liabilities as at the date of financial statements and the reported amounts of revenues and expenses during the period. Actual results may differ from these estimates. Estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognized in the period in which the estimates are revised and in future periods which are affected.

Key sources of estimation of uncertainty at the date of the financial statements, which may cause a material adjustment to the carrying amounts of assets and liabilities within the next financial year, is in respect of: fair valuation of unquoted equity investments, impairment of financial instruments, impairment of property, plant & equipment, useful lives of property, plant & equipment, provisions and contingent liabilities and long term retirement benefits.

3. Significant accounting policies**3.1 Financial instruments****i) Classification**

A financial instrument is any contract that gives rise to a financial asset of one entity and a financial liability or equity instrument of another entity.

Financial assets, other than equity, are classified into, Financial assets at fair value through other comprehensive income (FVOCI) or fair value through profit and loss account (FVTPL) or at amortised cost. Financial assets that are equity instruments are classified as FVTPL or FVOCI. Financial liabilities are classified as amortised cost category and FVTPL.

ii) Business Model assessment and Solely payments of principal and interest (SPPI) test:

Classification and measurement of financial assets depends on the business model and results of SPPI test. The Company determines the business model at a level that reflects how groups of financial assets are managed together to achieve a particular business objective. This assessment includes judgement reflecting all relevant evidence including:

- How the performance of the business model and the financial assets held within that business model are evaluated and reported to the entity's key management personnel

- The risks that affect the performance of the business model (and the financial assets held within that business model) and, in particular, the way those risks are managed

- How managers of the business are compensated (for example, whether the compensation is based on the fair value of the assets managed or on the contractual cash flows collected)

- The expected frequency, value and timing of sales are also important aspects of the Company's assessment.

If cash flows after initial recognition are realised in a way that is different from the Company's original expectations, the Company does not change the classification of the remaining financial assets held in that business model, but incorporates such information when assessing newly originated or newly purchased financial assets going forward.

iii) Initial recognition

The classification of financial instruments at initial recognition depends on their contractual terms and the business model for managing the instruments.

Financial assets and financial liabilities are initially measured at fair value. Transaction costs that are directly attributable to the acquisition or issue of financial assets and financial liabilities (other than financial assets and financial liabilities at FVTPL) are added to or deducted from the fair value of the financial assets or financial liabilities, as appropriate, on initial recognition. Transaction costs directly attributable to the acquisition of financial assets or financial liabilities at FVTPL are recognised immediately in the Statement of profit or loss.

Financial assets and financial liabilities, with the exception of loans, debt securities and deposits are recognised on the trade date i.e. when a Company becomes a party to the contractual provisions of the instruments. Loans, debt securities and deposits are recognised when the funds are transferred to the customers account. Trade receivables are measured at the transaction price.

iv) Subsequent measurement

(a) Financial assets at amortised cost:

Financial assets having contractual terms that give rise on specified dates to cash flows that are solely payments of principal and interest on the principal outstanding and that are held within a business model whose objective is to hold such assets in order to collect such contractual cash flows are classified in this category. Subsequently these are measured at amortised cost using effective interest method less any impairment losses.

(b) Debt Instruments at FVOCI

Debt instruments that are measured at FVOCI have contractual terms that give rise on specified dates to cash flows that are solely payments of principal and interest on principal outstanding and that are held within a business model whose objective is achieved by both collecting contractual cash flows and selling financial assets. These instruments largely comprise long-term investments made by the Company. FVOCI debt instruments are subsequently measured at fair value with gains and losses arising due to changes in fair value recognised in OCI. Interest income and gains and losses are recognised in profit or loss in the same manner as for financial assets measured at amortised cost. On derecognition, cumulative gains or losses previously recognised in OCI are reclassified from OCI to profit or loss.

(c) Equity Instruments at FVOCI

These include financial assets that are equity instruments as defined in IND AS 32 "Financial Instruments: Presentation" and are not held for trading and where the Company's management has elected to irrevocably designate the same as Equity instruments at FVOCI upon initial recognition. Subsequently, these are measured at fair value and changes therein are recognised directly in other comprehensive income, net of applicable income taxes.

Gains and losses on these equity instruments are never recycled to profit or loss.

Dividends from these equity investments are recognised in the statement of profit and loss when the right to receive the payment has been established.

(d) Fair value through Profit and loss account:

Financial assets are measured at FVTPL unless it is measured at amortised cost or at FVOCI on initial recognition. The transaction costs directly attributable to the acquisition of financial assets at fair value through profit or loss are immediately recognised in profit or loss.

v) Financial Liabilities and equity instruments:

(a) Classification as debt or equity

Financial liabilities and equity instruments issued by the Company are classified according to the substance of the contractual arrangements entered into and the definitions of a financial liability and an equity instrument.

(b) Equity instruments

An equity instrument is any contract that evidences a residual interest in the assets of the Company after deducting all of its liabilities. Equity instruments are recorded at the proceeds received, net of direct issue costs.

(c) Other Financial Liabilities:

These are measured at amortised cost using effective interest rate.

vi) Derecognition of Financial assets and Financial liabilities:

The Company derecognizes a financial asset only when the contractual rights to the cash flows from the asset expires or it transfers the financial asset and substantially all the risks and rewards of ownership of the asset to another entity.

A financial liability is derecognised when the obligation under the liability is discharged, cancelled or expires.

vii) Impairment of financial assets:

The Company recognizes a loss allowance for expected credit losses on a financial asset that is at amortized cost or fair value through OCI. Loss allowance in respect of financial assets is measured at an amount equal to life time expected credit losses and is calculated as the difference between their carrying amount and the present value of the expected future cash flows discounted at the original effective interest rate.

viii) Reclassification of Financial assets:

The Company does not re-classify its financial assets subsequent to their initial recognition, apart from the exceptional circumstances when the Company changes its business model for managing such financial assets. The Company does not re-classify its financial liabilities.

3.2 Determination of fair value:

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

The fair value of a financial instrument on initial recognition is normally the transaction price (fair value of the consideration given or received). Subsequent to initial recognition, the Company determines the fair value of financial instruments that are quoted in active markets using the quoted bid prices (financial assets held) or quoted ask prices (financial liabilities held) and using valuation techniques for other instruments. Valuation techniques include discounted cash flow method and other valuation models.

3.3 Cash and cash equivalents

Cash and cash equivalent comprise of cash at banks & on hand term deposits with original maturity of less than three months, which are subject to insignificant risk of changes in values.

3.4 Property, plant and equipment (PPE)

PPE are stated at cost (including incidental expenses directly attributable to bringing the asset to its working condition for its intended use) less accumulated depreciation and impairment losses, if any. Cost comprises the purchase price and any attributable cost of bringing the asset to its working condition for its intended use. Subsequent expenditure related to PPE is capitalised only when it is probable that future economic benefits associated with these will flow to the Company and the cost of item can be measured reliably. Other repairs and maintenance costs are expensed off as and when incurred.

Advances paid towards the acquisition of PPE, outstanding at each reporting date are shown under other non-financial assets. The cost of property, plant and equipment not ready for its intended use at each reporting date are disclosed as capital work-in-progress.

Subsequent expenditure related to the asset are added to its carrying amount or recognised as a separate asset only if it increases the future benefits of the existing asset, beyond its previously assessed standards of performance and cost can be measured reliably. Other repairs and maintenance costs are expensed off as and when incurred.

Property plant and equipment is derecognised on disposal or when no future economic benefits are expected from its use. Any gain or loss arising on derecognition of the asset (calculated as the difference between the net disposal proceeds and the carrying amount of the asset) is recognised in other income expense in the statement of profit and loss in the year the asset is derecognised.

3.5 Depreciation

Depreciation on Property, Plant and Equipment is provided on written down value method (WDV) to write down their residual values over their estimated useful life specified in Schedule II of the Companies Act, 2013. The residual values, useful lives and methods of depreciation of property, plant and equipment are reviewed at each financial year end and adjusted prospectively, if appropriate. Changes in the expected useful life are accounted for by changing the amortisation period or methodology, as appropriate, and treated as changes in accounting estimates.

3.6 Impairment of non-financial assets

The Company assesses at each reporting date to determine if there is any indication of impairment, based on internal/external factors. If any such indication exists, then an impairment review is undertaken and the recoverable amount is calculated as the higher of fair value less costs of disposal and the asset's value in use.

3.7 Employee Benefits Expenses

i) Short Term Employee Benefits

The undiscounted amount of short-term employee benefits expected to be paid in exchange for the services rendered by employees are recognised during the year when the employees render the service. These benefits include performance incentive and compensated absences, which are expected to occur within twelve months after the end of the period in which the employee renders the related service.

ii) Defined contribution schemes

A defined contribution plan is a post-employment benefit plan under which the Company pays specified monthly contributions to Provident Fund. The Company's contribution is recognized as an expense in the Statement of Profit and Loss during the period in which the employee renders the related service.

iii) Gratuity

Liability with regard to long-term employee benefits is provided for on the basis of an actuarial valuation at the Balance Sheet date. Actuarial gain / loss is recognised immediately in the statement of other comprehensive income.

3.8 Taxes

Income tax expense represents the sum of current tax and deferred tax.

i) Current Tax

The current tax is based on taxable profit for the year under the Income Tax Act, 1961. Current tax assets and liabilities are measured at the amount expected to be recovered from or paid to the taxation authorities, based on tax rates and laws that are enacted or substantively enacted at the Balance Sheet date.

ii) Deferred tax

Deferred tax is recognized on all temporary differences between the tax bases of assets and liabilities and their carrying amounts in the Company's financial statements except when the deferred tax arises from the initial recognition of goodwill or initial recognition of an asset or liability in a transaction that is not a business combination and affects neither the accounting nor taxable profits or loss at the time of transaction. Deferred tax assets and liabilities are measured at the tax rates that are expected to apply in the period in which the liability is settled or the asset realised, based on tax rates (and tax laws) that have been enacted or substantively enacted by the Balance Sheet date.

Deferred tax assets are recognized for deductible temporary differences, the carry forward of unused tax credits and unused tax losses to the extent it is probable that future taxable profits will be available against which the deductible temporary difference, the carry forward of unused tax credits and unused tax losses can be utilised.

The carrying amount of deferred tax assets (including MAT credit available) is reviewed at each reporting date and is adjusted to the extent that it is no longer probable that sufficient taxable profits will be available to allow all or part of the asset to be recovered.

Deferred tax assets and liabilities are offset when they relate to income taxes levied by the same taxation authority and the Company intends to settle its current tax assets and liabilities on a net basis.

Current and deferred tax are recognised in the Statement of Profit and Loss, except when the same relate to items that are recognised in Other Comprehensive Income or directly in Equity, in which case, the current and deferred tax relating to such items are also recognised in Other Comprehensive Income or directly in Equity respectively.

3.9 Provisions, contingent liabilities and contingent assets

Provisions are recognised when the enterprise has a present obligation (legal or constructive) as a result of past events, and it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation, and a reliable estimate can be made of the amount of the obligation.

A contingent liability is a possible obligation that arises from past events whose existence will be confirmed by the occurrence or non-occurrence of one or more uncertain future events beyond the control of the Company or a present obligation that is not recognized because it is not probable that an outflow of resources will be required to settle the obligation. A contingent liability also arises in extremely rare cases where there is a liability that cannot be recognized because it cannot be measured reliably. The Company does not recognize a contingent liability but discloses its existence in the financial statements.

A contingent asset is a possible asset that arises from past events and whose existence will be confirmed only by the occurrence or non-occurrence of one or more uncertain future events not wholly within the control of the entity.

3.10 Earnings per share (EPS)

"Basic EPS is calculated by dividing the profit or loss attributable to equity shareholders of the Company by the weighted average number of equity shares outstanding during the year.

Diluted EPS is determined by adjusting the profit or loss attributable to equity shareholders of the Company by the weighted average number of equity shares outstanding for the effects of all dilutive potential equity shares."

3.11 Cash-flow statement

Cash flows are reported using the indirect method, whereby profit before tax is adjusted for the effects of transactions of a non-cash nature and any deferrals or accruals of past or future cash receipts or payments. The cash flows from regular revenue generating, investing and financing activities of the Company are segregated.

3.12 Leases

i) Arrangements where the Company is the lessee

The Company assesses whether a contract contains a lease, at inception of a contract. A contract is, or contains, a lease if the contract conveys the right to control the use of an identified asset for a period of time in exchange for consideration.

At the date of commencement of the lease, the Company recognises a Right-of-use Asset and a corresponding Lease Liability for all lease arrangements in which it is a lessee, except for leases with a term of twelve months or less ('short-term leases') and low value leases. For these short-term and low value leases, the Company recognises the rent as an operating expense in the Statement of Profit and Loss.

Certain lease arrangements include the options to extend or terminate the lease before the end of the lease term. Right-of-use Assets and Lease Liabilities includes these options when it is reasonably certain that they will be exercised.

The Right-of-use Assets are initially recognised at cost, which comprises the initial amount of the lease liabilities i.e. present value of future lease payments adjusted for any lease payments made at or prior to the commencement date of the lease plus any initial direct costs less any lease incentives. They are subsequently measured at cost less accumulated depreciation and impairment losses. The lease payments are discounted using the incremental borrowing rates. Lease liabilities are remeasured with a corresponding adjustment to the related Right-of-use asset if the Company changes its assessment if whether it will exercise an extension or a termination option.

Right-of-use Assets are depreciated from the commencement date on a straight-line basis over the shorter of the lease term and useful life of the underlying asset.

ii) Arrangements where the Company is the lessor

Leases for which the Company is a lessor is classified as a finance or operating lease. Whenever the terms of the lease transfer substantially all the risks and rewards of ownership to the lessee, the contract is classified as a finance lease. All other leases are classified as operating leases.

The lease rentals under such agreements are recognised in the Statement of Profit and Loss as per the terms of the lease.

3.13 Use of estimates, judgements and adjustments

The preparation of the financial statements in conformity with Ind AS requires management to make judgements, estimates and assumptions that affect the application of accounting policies and the reported amounts of assets, liabilities, income, expenses, and disclosures of contingent assets and liabilities at the date of the financial statements and the results of operations during the reporting period end. Although these estimates are based upon management's best knowledge of current events and actions, actual results could differ from these estimates.

Estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognized in the period in which the estimates are revised and in any future periods affected.

The estimates and assumptions that have a significant risk of causing a material adjustment to the carrying amounts of assets and liabilities within the next financial year are discussed in the paragraphs that follow.

i) Useful Economic Lives and Impairment of Other Assets

The estimated useful life of property, plant and equipment (PPE) is based on a number of factors including the effects of obsolescence, usage of the asset and other economic factors (such as known technological advances).

The Company reviews the useful life of PPE at the end of each reporting date and any changes could affect the depreciation rates prospectively.

The Company also reviews its property, plant and equipment for possible impairment if there are events or changes in circumstances that indicate that the carrying value of the assets may not be recoverable. In assessing the property, plant and equipment for impairment, factors leading to significant reduction in profits, such as the Company's business plans and changes in regulatory environment are taken into consideration.

ii) Contingencies and Commitments

In the normal course of business, contingent liabilities may arise from litigation, taxation and other claims against the Company. Where an outflow of funds is believed to be probable and a reliable estimate of the outcome of the dispute can be made based on management's assessment of specific circumstances of each dispute and relevant external advice, management provides for its best estimate of the liability. Such liabilities are disclosed in the notes but are not provided for in the financial statements.

Although there can be no assurance regarding the final outcome of the legal proceedings, the Company does not expect them to have a materially adverse impact on the Company's financial position or profitability.

iii) Fair Value Measurements and Valuation Processes

Some of the Company's assets and liabilities are measured at fair value for financial reporting purposes. In estimating the fair value of an asset or a liability, the Company uses market-observable data to the extent it is available. Information about the valuation techniques and inputs used in determining the fair value of various assets and liabilities are disclosed in the notes to the financial statements.

iv) Recognition of Deferred Tax Assets For Carried Forward Tax Losses and Unused Tax Credit

The extent to which deferred tax assets can be recognised based on an assessment of the probability of the Company's future taxable income against which the deferred tax assets can be utilised. In addition significant judgement is required in assessing the impact of any legal or economic limits.

3.14 Recent Accounting Developments

The Ministry of Corporate Affairs ("MCA") has vide notification dated March 31, 2023 notified Companies (Indian Accounting Standards) Amendment Rules, 2023 which amends certain accounting standards. These amendments are not expected to have any material impact on the Company.

(ii) Fair value hierarchy

This section explains the judgements and estimates made in determining the fair values of the financial instruments that are (a) recognised and measured at fair value and (b) measured at amortized cost and for which fair values are disclosed in the financial statements. To provide an indication about the reliability of the inputs used in determining fair value, the Company has classified its financial instruments into the three levels prescribed under the accounting standards.

Level 1: Level 1 hierarchy includes financial instruments measured using quoted prices.

Level 2: The fair value of financial instruments that are not traded in an active market is determined using valuation techniques which maximise the use of observable market data and rely as little as possible on entity-specific estimates. If all significant inputs required to fair value an instrument are observable, the instrument is included in level 2.

Level 3: If one or more of the significant inputs is not based on observable market data, the instrument is included in level 3.

(iii) Valuation technique used to determine Fair Value

Specific valuation techniques used to value financial instruments include:

- the fair value of investment in quoted equity shares and mutual funds is measured at quoted price or NAV.
- the fair value of level 2 instruments is valued using inputs based on information about market participants assumptions and other data that are available.

(iv) Fair value of Financial Assets and Liabilities measured at Fair value - recurring Fair Value Measurements

Particulars	As at 31 March 2023		As at 31 March 2022	
	Level 1	Level 2	Level 1	Level 2
Financial assets				
Investment in equity instruments	238,568.00	7,077.03	217,926.39	1,545.19
Investment in debt instruments	-	21.04	-	19.31
Investment in mutual fund	35.59	-	42.54	-
Total financial assets	238,603.59	7,098.07	217,968.93	1,564.50

(v) Significant estimates

The fair value of financial instruments that are not traded in an active market is determined using valuation techniques. The Company uses its judgement to select a variety of methods and make assumptions that are mainly based on market conditions existing at the end of each reporting period. For details of the key assumptions used and the impact of changes to these assumptions see (ii) above.

(vi) Fair value of assets and liabilities measured at cost/amortised cost

The carrying amount of financial assets and financial liabilities measured at amortised cost are a reasonable approximation of their fair values since the Company does not anticipate that the carrying amount would be significantly different from the values that would be eventually received or settled. Management assessed that fair values of cash and cash equivalents, other bank balances, Other financial assets and other financial liabilities approximate their carrying amounts of these instruments, as discussed below:

Notes to financial statements for the year ended 31 March 2023**Note 32****Financial risk management**

The Company is a Non-Banking Financial Company registered with the Reserve Bank of India. On account of its business activities it is exposed to various financial risks associated with financials products such as credit or default risk, market risk, interest rate risk, liquidity risk and inflationary risk. However, the Company has a robust financial risk management system in place to identify, evaluate, manage and mitigate various risks associated with its financial products to ensure that desired financial objectives are met. The Company's senior management is responsible for establishing and monitoring the risk management framework within its overall risk management objectives and strategies, as approved by the Board of Director. Such risk management strategies and objectives are established to identify and analyse potential risks faced by the Company, set and monitor appropriate risk limits and controls, periodically review the changes in market conditions and assess risk management performance. Any change in Company's risk management objectives and policies needs prior approval of it's Board of Directors.

Credit risk

This risk is common to all investors who invest in bonds and debt instruments and it refers to a situation where a particular bond/debenture issuer is unable to make the expected principal payment interest rate payment, or both. Similarly, a lender bears the risk that the borrower may default in the payment of contractual interest or principal on its debt obligation, or both. The entity continuously monitors defaults of the customers and other counterparties and incorporates this information into its credit risk control.

Market risk:

Market risk is a form of systematic risk associated with the day-to-day fluctuation in the market prices of shares and securities and such market risk affects all securities and investors in the same manner. These daily price fluctuations follows its own broad trends and cycles and are more news and transaction driven rather than fundamentals and many a times, it may affect the returns from an investment. Market risks majorly comprises of two types - interest rate risk and other price risk, such as equity price risk and commodity risk. Financial instruments affected by market risks include borrowings and investments.

Interest rate risk

Interest rate risk is a type of systematic risk that particularly affects fixed rate debt instruments like bonds and debentures. The value of the fixed-rate debt instruments generally decline due to rise in interest rates and vice versa. The rationale is that a bond is a promise of a future stream of payments; an investor will offer less for a bond that pays-out at a rate lower than the rates offered in the current market. A rising interest rate scenario also affects the Company's interest expenditure on borrowed funds.

The Company monitors the interest rate scenarios on a regular basis and accordingly takes investments decisions as whether to invest in fixed rate debt instruments, shares and securities at a particular point of time.

Price risk

Price risk is the risk that the fair value of a financial instrument will fluctuate due to changes in market traded price. It arises from financial assets such as investments in equity instruments, bonds, mutual funds etc. The Company is exposed to price risk arising mainly from investments carried at FVOCI which are valued using quoted prices in active markets. A sensitivity analysis demonstrating the impact of the change in market prices of these instruments from the prices existing as at the reporting date is given below:

Notes to financial statements for the year ended 31 March 2023

Impact on total comprehensive income for year ended 31 March 2022	21,792.64	(21,792.64)

Equity instrument through OCI being a component of other equity would increase/decrease as a result of gain/loss on equity securities classified as fair value through Other Comprehensive Income.

Liquidity risk:

Liquidity refers to the readiness of the Company to sell and realise its financial assets. Liquidity risk is one of the most critical risk factors for Companies which is into the business of investments in shares and securities. It is the risk of not being able to realise the true price of a financial asset, or is not being able to sell the financial asset at all because of non-availability of buyer Unwillingness to lend or restricted lending by Banks and Financial Institutions may also lead to liquidity concerns for the entities.

The Company maintains a well-diversified portfolio of investments in shares and securities . A dedicated team of market experts are monitoring the markets on a continuous basis, which advises the management for timely purchase or sale of securities. The management ensures to manage its cash flows and asset liability patterns to ensure that the financial obligations are satisfied in timely manner.

The following table shows the remaining contractual maturities of financial liabilities at the reporting date. The amounts reported are on gross and undiscounted basis.

Inflationary risk:

Inflationary or purchasing power risk refers to the variation in investor returns caused by inflation. It is the risk that results in increase of the prices of goods and services which results in decrease of purchasing power of money, and likely negatively impact the value of investments. The two important sources of inflation are rising costs of production and excess demand for goods and services in relation to their supply. Inflation and interest rate risks are closely related as interest rates generally go up with inflation.

The Company closely monitors the inflation data and analyses the reasons for wide fluctuations thereof and its effect on various sectors and businesses. The main objective is to avoid inflationary risk and accordingly invest in securities and debt instruments that provides higher returns as compared to the inflation in long-term.

Note 33-Capital management

For the purpose of Company's capital management, capital includes issued equity share capital, other equity reserves and borrowed capital less cash and cash equivalents. The primary objective of capital management is to maintain an efficient capital structure to reduce the cost of capital, support corporate expansion strategies and to maximize shareholder's value.

The entity manages its capital structure and makes adjustments in light of changes in economic conditions and the requirements of the financial covenants. To maintain or adjust the capital structure, the entity may adjust the dividend payment to shareholders, return capital to shareholders or issue new shares. The entity monitors capital using a gearing ratio, which is net debt divided by total capital plus net debt. The entity's policy is to keep an optimum gearing ratio. The entity includes within net debt, interest bearing loans and borrowings less cash and cash equivalents.
